

Forest Lake Sportsmen's Club (FLSC) Rifle Range Rules

- ⊙ Alcoholic beverages and/or drugs may not be consumed prior to, or during shooting on the rifle ranges. Shooters who are suspected to be under the influence of alcohol or drugs will not be allowed to shoot and may be asked to leave the property. For the purposes of this rule, "drugs" shall mean any illegal drug or prescription medication, if that prescription medication affects the judgment or safe conduct of the shooter.
- ⊙ Contact a FLSC Board member at 651-464-9931 if you observe unsafe range conditions that you cannot correct.
- ⊙ Keep all guns unloaded and in a case when you are in the parking lot or moving between ranges. Guns can be uncased and loaded only when at the firing line and preparing to fire.
- ⊙ When the "Range Closed" command is given and the flashing red light is activated, everyone must stay behind the firing line. Shooters must open the action, empty the chamber, empty the magazine, and place the empty guns on the rack. All guns must remain empty, with actions open, until shooters are on the shooting line and the "Commence Fire" command has been given.
- ⊙ Point muzzles upward or downrange at all times unless the gun is on a gun rack or in a case. Never point a muzzle at the concrete floor.
- ⊙ Shoot only at paper targets on the designated target holders at the backstop. Take note of the signs showing exact target placement relative to the wood framework. Do not shoot at the wooden posts or wood framework.
- ⊙ Shooters, spotters, and club personnel must wear appropriate eye and hearing protection while on the ranges.
- ⊙ Shoot only through the tubes or shooting lanes on the existing shooting benches. Shooting from a position outside the tubes is strictly prohibited.
- ⊙ Do not shoot on the 200/300/400 yard range with guns that are not designed for shooting at that distance. (e.g., .22 rimfire, straight-walled pistol cartridges, or 30-30 Winchester).
- ⊙ Muzzle loaders must take precaution against accidental fires and explosions by loading and storing powder at the rear bench; priming and shooting only from the front of the bench.
- ⊙ Fully automatic guns are not allowed to be fired without written permission from the Board of Directors.
